Museum of the Albemarle

Junior Docent Program

The Museum of the Albemarle brims with historical treasures from across the 13 counties of the Albemarle region. These treasures come to life for thousands of people every year with the help of Junior Docents who volunteer for programs and events. Experience the fun of interpreting the past to children and adults by assisting us with gallery monitoring and hands-on learning. Help us prepare for educational programming by working in the craft room or research library. Junior Docents are some of the museum's greatest treasures!

If you are between the ages of 13–17, please consider joining the Junior Docent program. The opportunity awaits you to meet people, develop skills, participate in special activities, and learn more about our region and state. Become a Junior Docent and help keep North Carolina's history alive.

For more information, complete the attached application and return to MOA. Staff will be in contact to arrange an interview at the museum.
